DETAILED ACTION

Acknowledgment is made of the receipt and entry of the amendment filed on May 16, 2005. Further acknowledgment is made of Applicant's cancellation of Claim 2.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1 and 3-5 are under examination.

Claim Objections

Claims 3-5 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claims, or amend the claims to place the claims in proper dependent form, or rewrite the claims in independent form. In the instant case, the claims fail to further limit the subject matter because the claims are dependent upon cancelled Claim 2.

Claim Rejections - 35 USC § 102

Claims 1, 4 and 5 are rejected under 35 U.S.C. 102(b) as being anticipated by Andersen et al. (N). Newly applied as necessitated by amendment.

Applicant claims a method for the inhibition of proliferation of cancer cells which comprises: providing the cells an effective amount of malvidin in order to inhibit the proliferation of the cells. Applicant further claims the method of claim 1 wherein the cells are in a mammal; and, wherein the malvidin is fed orally to the mammal.

Andersen teaches a method of inhibiting the proliferation of cancer cells comprising orally administering an effective amount of malvidin to cancer cells in mammals to inhibit the proliferation of the cells in mammals.

The reference anticipates the claimed subject matter.

No claims are allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
